

The TED Community Organization is a 501 (c)(3) nonprofit comprised of patients, care partners, medical professionals, and individuals who advocate for those dealing with **thyroid eye disease (TED)**. We are a community of individuals who have the shared living experience of TED.

*As a dedicated thyroid eye disease (TED) organization, our vision and quest is to ensure that no one need ever walk alone through the TED journey. To this end, we provide education, support, and connection for all who are affected by TED.*

#### **TED Community Organization offers 12 FREE services built into our TED Care Portfolio:**
